Weekly Newsletter

May 22, 2014 **Rockfall Mitigation & Reconstruction** ID PFH 26-1(1)

Highway 75 between mileposts 205.4 and 206.7 at the "**Narrows**"

Work is continuing through the Narrows. Rockfall work continues on the East end of the project and is progressing to the West. Current items of work are the Pinned Tecco Mesh, Rock Bolts and Dowels, Attenuator Systems, and Contoured Mesh.

Closures are no longer in effect. No closures will occur until after September 15th of this fall.

Expect minor delays of up to 15 minutes throughout the day and night. The project is limited to one-lane of traffic with signal lights in the early morning hours and weekends. There are nighttime operations currently in effect Monday through Friday nights.

There will be no work from 6:00 p.m. Friday, May 23rd through 6:00 a.m. Tuesday, May 27 over the Memorial Day weekend.

Contouring and lacing the Contoured Wire Mesh system in Section 13.
