Weekly Newsletter

June 20, 2014 **Rockfall Mitigation & Reconstruction** ID PFH 26-1(1)

Highway 75 between mileposts 205.4 and 206.7 at the "**Narrows**"

Work is continuing through the Narrows. Rockfall work has moved upriver to Sections 1-4 of the project and is progressing with work on Rock Bolts and Dowels, the Attenuator Systems, and the Contoured Wire Mesh.

Knife River has finished work on the Rockery Wall and is prepping to begin excavation and installation of the MSE walls in a few weeks.

Closures are no longer in effect. No closures will occur until after September 15th of this fall.

Expect minor delays of up to 15 minutes throughout the day and night. The project is limited to one-lane of traffic with signal lights in the night hours and over the weekends. Night time operations have ceased for a limited time but will resume once work on the MSE Wall excavations and Keyed Rip Rap begins.

There will be no work from 6:00 p.m. Friday, through 6:00 a.m. Monday over the regular weekends.

Laborers finishing the forms for the Attenuator post foundations in Section 2. The foundations were poured this week and will be ready to hang mesh this upcoming week.

Road Closure Information

Week of June 21, 2014
