Construction Update — November 24, 2015

Work Status:

Construction work on the Spruce Railroad Trail project will continue this week with the construction of the second Reinforced Soil Slope, as well as Excavation and Riprap installation. Slope stabilization work and aggregate surfacing placement will also occur, as weather allows.

Based on the work completed to date, the project is not expected to be finished until early December.

The trail is closed to all traffic during the construction season between the East Beach Rd trailhead and Devil's Punchbowl, and will be impassable and unsafe for foot traffic. Devil's Punchbowl will remain accessible from Camp David Jr. Road.

Installation of the riprap ditch

Traffic Information:

As of November 24, 2015

The trail is fully closed until early December.
