Description

The Federal Highway Administration Western Federal Lands Highway Division intends to solicit quotes for the calibration of laboratory test trailers containing a wide range of test and measurement equipment typically needed on road and bridge construction projects. It is anticipated that the RFQ (Request for Quotes) will be issued on or about July 15, 2016. It is anticipated that the RFQ will contain one base item for the calibration of four trailers and two option items for the calibration of two additional trailers (one per option item).

Calibration shall be performed at the following location:

Federal Highway Administration
Western Federal Lands Highway Division
610 East 5th St.
Vancouver, WA. 98661

Anticipated Period of Performance:

Base item: The contractor shall begin work within 7 calendar days from contract award. The contractor shall complete work within 10 business days from the time that it begins work. Business days are defined as Monday through Friday.

Option items: For each option item, the contractor shall begin work within 7 calendar days from exercise of the option. The contractor shall complete work within 2 business days from the time that it begins work. The government will have until September 30, 2016 to exercise each option.

Interested vendors are advised that the terms of the RFQ may differ from those contained within this notice. Quoters are strongly encouraged to review the RFQ carefully.

It is anticipated that the acquisition will be set aside for small businesses.

Interested vendors are advised that prospective contractors are required to be registered in the System for Award Management (www.sam.gov) prior to award.
