

GENERAL INFORMATION

Project Points of Contact (POC): POCs listed will receive project selection notification from the PDC.

	Applying Agency	Supporting Federal Land Management Agency(s)	
Agency Name:	<input type="text"/>	<input type="text"/>	<input type="text"/>
POC Name:	<input type="text"/>	<input type="text"/>	<input type="text"/>
POC Title:	<input type="text"/>	<input type="text"/>	<input type="text"/>
Address Line 1:	<input type="text"/>	<input type="text"/>	<input type="text"/>
Address Line 2:	<input type="text"/>	<input type="text"/>	<input type="text"/>
E-mail:	<input type="text"/>	<input type="text"/>	<input type="text"/>
Phone #:	<input type="text"/>	<input type="text"/>	<input type="text"/>
Additional Key Project Stakeholders:		<input type="text"/>	

Project Identification:

Project Title:

Federal Lands Access Transportation Facility (FLATF) Name / Number:

Federal Land Management Agency (FLMA) Accessed:

a. List all FLMA site(s) and/or major destination(s) that are accessed by the identified transportation facility. Provide annual visitation for all those FLMA sites and/or major destinations.

Name of the Federal Land Management Agency	FLMA Unit Name	Site(s) or Major Destination(s) Accessed	Distance from Project (miles)	Current Annual Visitation
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

b. Identify source(s) for all annual visitation values listed. If using estimated annual visitation (because actual values are unknown or unavailable), then include the estimating methodology used.

	Terminus Start	Terminus End
Landmark, Milepost, Cross Roads:	<input type="text"/>	<input type="text"/>
Latitude Coordinates: <i>(Decimal Degrees to 6 decimals)</i>	<input type="text"/>	<input type="text"/>
Longitude Coordinates: <i>(Decimal Degrees to 6 decimals)</i>	<input type="text"/>	<input type="text"/>

BACKGROUND DATA

1. Agency with Title to Facility:

2a) Agency with Maintenance Responsibility

2b) Describe how the maintenance responsibility is provisioned.

Include details for each portion of the project (e.g. roadways, parking lots).

Attach available ROW documentation and/or maintenance agreements.

3. Project Length:

Provide length in miles

4. Existing Roadway Width

(outside shoulder to shoulder) :

Provide average width in feet

5. Existing Posted Speed Limit:

6. Existing Bridge Information:

Provide known data for all bridge structures within the project limits.

Refer to the link below for guidance:

<http://www.fhwa.dot.gov/bridge/nbi.cfm>

Attach inspection reports if available.

National Bridge Inventory Structure #	Bridge Length (ft.)	Bridge Width (ft.)	Bridge Area (Sq. Ft)	Bridge Sufficiency Rating

7. Functional Classification:

Check those that apply.

- National Highway System
 Arterial
 Local Road
 Major Collector
 Minor Collector

Refer to the link for guidance: http://www.fhwa.dot.gov/planning/processes/statewide/related/highway_functional_classifications/

8. Traffic Volumes:

Provide any available traffic data from recent counts or other documented sources.

Note: If no data (i.e., counts) are available, please estimate range (< 200, 200 - 500, 500, 500 - 1000, > 1000 vehicles per day)

	Current	20-Year Projection	Data Source / Methodology
Average Daily Traffic (ADT)			
Seasonal Average Daily Traffic			
Estimate % of above ADT that accesses the Federal lands			

9. Safety History:

Describe site(s) including the number, rate and type of crash as well as the user type(s) that have occurred within the project limits and the source of this information (reports or anecdotal). If available provide site specific crash data for last three years.

10. Projects in Proximity:

Describe other current or previously funded Federal Lands project(s) adjacent to or in proximity to this project.

PROPOSED PROJECT

1. Purpose and Need:

Describe the need for the project including but not limited to who the project will serve, conditions requiring relief, and anticipated changes in use due to the proposed project.

2. Proposed Design Standards:

Project will be designed to the following standards. Check the standard that best applies to this project.

- AASHTO
 State DOT
 Local Government
 FLMA

3. Proposed Roadway (shoulder to shoulder) Width (feet):

Proposed width should be in accordance with the proposed design standards.

4. Proposed Speed Limit:

5. Description of Proposed Work*:

a) Provide a description of all proposed work including project phase(s) and major construction work items.

b) Describe how the proposed project will address the identified purpose and need.

c) Describe if the project is a segment of a larger project/route or if this project is/ can be phased. Include any known alternatives that should be reviewed as part of this project.

**Note: The Programming Decision Committee has final approval for all proposed project phases and reserves right to reduce scope of work.*

6. Key Items of Work: Check all that apply. Refer to link for guidance: <http://contextsensitivesolutions.org/content/reading/types-of-highway/>

New Construction / Reconstruction (4R):

- Earthwork/Grading
- Road base
- Major Drainage (>48")
- Minor Drainage (<48")
- Retaining Walls
- ROW Acquisition
- Utility Relocations

Recycling (3R):

- Existing Asphalt / Base Recycling (Ex: Pulverization)
- Overlay
- Milling
- Minor Widening (< 5 ft.)
- Major Widening (> 5 ft.)

Bridge:

- New / Replacement
- Rehabilitation or Repair

Surfacing:

- Asphalt
- Concrete
- Gravel
- Parking

Safety Improvements:

- Intersection / Traffic Controls
- Guardrail
- Sight Distance Improvements
- Roadside Hazard Improvements

Bicycle / Pedestrian:

- Bicycle and Pedestrian facility
- Bicycle facility (e.g. bike lane)

**Non-Infrastructure:

- Transit
- Planning Study
- Planning-Environmental Linkage (PEL) Study
- Research

****Note:** Applications that include non-construction or elements including transit, planning, and/or research, please fill out the supplemental worksheet for alternative transportation that can be found at: <http://flh.fhwa.dot.gov/programs/flap/az/>

Arizona Federal Lands Access Program: Proposed Project Acquisition and Impacts

7. Right of Way Acquisition: All Right-of-way (ROW) property (acquisition costs) to be part of the project costs should be detailed in the project estimate page. All acquisition support costs are non-participating and will be borne by the applicant.

7a) Is ROW acquisition required? (yes /no)

7b). Existing ROW Width (feet):

7c) Describe the anticipated ROW acquisition needed to construct project. Include the proposed ROW width (ft) including formalization of all ROW on FLMA lands.

8. Utility Impacts: All utility relocation costs must be accounted for by the applicant whether borne by the applicant or included as project cost. Utility relocation costs should be detailed in the project cost estimate.

8a) List any known utility conflicts within the project ROW and describe any anticipated utility impacts and proposed relocations:

8b) Will relocation of utilities be required? (yes /no)

9. Environmental Impacts / Resource Protection: Identify and describe known or anticipated impacts, positive or negative, to biological, cultural, wetlands or water resources, or any other environmental areas.

Describe all those impacts identified:

10. Proposed Lead Agency: Identify the lead agency that is proposed to lead delivery of this project. It is typical for the CFLHD to act as the lead agency for duration of the project, from award through project completion. However, if the applicant plans to have a different agency act as lead for the project, the applicant must provide justification for this position, previous experience in delivering Federal Aid (Title 23) funded projects and ability to satisfy FHWA project delivery requirements in accordance with [Arizona Department of Transportation Local Public Agencies Handbook](#). The final decision for project delivery resides with CFLHD. If delivered by another Agency, FHWA Arizona Division Office and the Arizona DOT will have Stewardship and Oversight responsibility where all costs and overruns will be borne by the applicant.

Arizona Federal Lands Access Program: Proposed Project Funding

Applicants are required to attach a detailed estimate to support costs referenced below. A [Sample FLAP Project Cost Estimate Form](#) is available for use on the Arizona FLAP web page (link will take you to the page; scroll down to find the excel document). Project cost estimates must include all project costs including Preliminary Engineering and Construction Engineering costs, Contingency, ROW, utility relocation, etc.

1. Cost Estimate for Proposed Project (From developed Cost Estimate attached):

2. Federal Lands Access Program Funds Requested (Cannot exceed 94.30%): = _____ %

3. Project Funds Leveraged: List and provide detail of all non-FLAP match funding sources that will be furnished, using this table.

a) Sources eligible for Minimum Match (5.70%) and/or Overmatch:

Local, State, and/or Other non-federal Sources (Cash match only) :		= _____ %
Right of Way (Acquisition costs only. Supporting costs borne by Applicant) :		= _____ %
Utility Relocation (Construction costs only. Supporting costs borne by Applicant) :		= _____ %
Authorized Title 23 (FLTP, TTP), Title 49 Sources (w/Agency Approval), or other authorized Federal Sources :		= _____ %
In-Kind Matching Contributions (at the discretion of the UT Programming Decision Committee) :		= _____ %
Sub-Total (minimum required 5.70%):		= _____ %

b) Sources only eligible for Overmatch:

Other Federal Sources (e.g. Federal-Aid Highway Programs)		= _____ %
------------------------------------------------------------------	--------------------------------------------------------------------------------------------------	-----------

c) Total Matching Contribution: _____ = _____ % **Total Percent Overmatch:** = _____ %

NOTE: Total Matching Contribution and FLAP Funds Requested should total (and not exceed) Cost Estimate for Proposed Project

4. List and provide detail on all match funding source(s) identified above including funding source description, restriction(s), and timing availability of funds and associated partnerships.

5. If using authorized Title 23 or Title 49 sources, or other authorized federal sources, please provide further detail on the funds/project, and confirmation of authorization from the supporting agency. Attach letters of support if necessary.

6. Describe why the Federal Lands Access Program is the most appropriate funding source for the proposed project as opposed to other funding sources eligible.

1 - Federal Lands Access Improvement

1. Describe how the Federal Lands Access Transportation Facility (FLATF) in this project is connected to the Federal Lands listed on page 1 of the Proposal (*FLMA Unit(s) Name*).

Describe how access to these Federal Lands will be improved as result of this project. If applicable, include improvements to all transportation mode choices (vehicular, pedestrian, bicycle, transit, emergency, etc.). Also, if applicable, include how the project will improve access management (e.g. reduction in traffic congestion, restrictions, bottlenecks, size/load limits, etc.).

2 - High Use Recreation Site and Economic Generator

1. Describe how the Federal Lands, listed on page 1 of the Proposal (*FLMA Unit(s) Name*) are considered high use recreation site(s) and/or economic generator(s)* for the local or regional economy. Explain if/how the local or regional community is economically dependent on the access to the federal land and the proposed transportation facility.

3 - Preservation

1. Describe the condition of the FLATF including surface condition and age of the facility. As applicable, include pavement condition ratings (PCI), bridge sufficiency ratings, etc. Describe how the proposed project will improve the condition of the FLATF, including extending service life, and impacts to O&M costs.

2. Describe how the FLATF will be maintained after construction. Be specific as to what maintenance activities would occur, the frequency, and the budget and funding sources for activities.

*Note: *Federal economic generator* refers to any use of/on Federal lands that results in economic generation for the local community and/or region.

4 - Safety

1. Describe all existing safety conditions (e.g. below standard sight distances, roadside hazards, below standard lane and shoulder widths, etc.) and how proposed project countermeasure(s) will address these safety conditions.

Also address how the proposed project will impact safety for the current and proposed user groups (e.g. vehicles, pedestrians, bicyclist, etc.).

5 - Sustainability and Environmental Quality Benefits

1. Describe if and how the proposed project contributes to the environmental goals and objectives of the local, State, and/or Federal Land Management Agency (e.g. wildlife connectivity, habitat, aquatic organism passage, reduction of noise/water/air/pollution, critical watersheds, environmentally sensitive areas, etc.).

6 - Coordination

1. Describe coordination and/or support from all stakeholders, including FLMA(s), the public, and other project stakeholders. Describe any known or potential controversy and/or support for the project*.

Provide support letters as available.

*Note: Projects that have not initiated public involvement or have had or anticipate controversy, should still apply. Just state what is known or anticipated.

Submittal Instructions:

1. Save your form as PDF to your computer, with file name similar to: ARIZONA FLAP APP 2020 <PROJECT NAME>
 - a. Check that all fields have been completed and that all your work has saved properly prior to e-mailing your application.
2. Attach all additional files:
 - a. Review the checklist you completed and attach all photos, maps project estimates, and forms requiring signatures.
 - b. Maximum total for all files is 15MB. Please do not use a zip application to reduce and send large files. The submittal email address will not accept zipped attachments. To accommodate large attachment sizes, we encourage sending multiple emails referencing the volume of the email(s) in the subject line, labeling them '1 of 2,' '2 of 2,' or similar. It is the responsibility of the sending party to ensure their file has successfully transmitted (not getting stuck in the e-mail "outbox").
 - c. **ATTENTION:** DO NOT USE YOUR PDF SOFTWARE TO ATTACH DOCUMENTS INTO THE PDF DOCUMENT AS ALL YOUR FORM FIELDS WILL BE INVALID. ALL ATTACHED PHOTOS AND FILES SHOULD BE SEPARATE FILES.
3. Save a copy for your records
4. E-mail your completed form to cfl.planning@dot.gov, using the subject: ARIZONA FLAP APP 2020 <PROJECT NAME>
5. Check your e-mail's "sent box" to ensure that your file was sent. Larger files may take longer to send.
 - a. You should receive confirmation of receipt of your submission within 3 working days of the call closing date.
