

## EASTERN FEDERAL LANDS ACCESS PROGRAM

The Programming Decisions Committee (PDC) responsible for the Georgia Federal Lands Access Program (FLAP) has selected its initial, multiyear Program of Projects. The projects identified for programming for the Georgia FLAP are listed below in no particular order, and include:

### Georgia Program of Projects for Fiscal Years 2013-2014

Application Number	Project/Facility Name	Project Type	Federal Land Unit Accessed	Applicant	County
GA-01	Old Highway 29 Resurfacing to County Parks	Resurfacing	US Army Corps of Engineers - Hartwell Dam and Lake	Hart County Public Works	Hart

The next step in the process will be to develop project agreements between Eastern Federal Lands Highway Division and the State/Local Agency partners. The amount of funds allocated will depend on finalizing these agreements. Funding for these projects is not guaranteed. Funding beyond FY 2014 is dependent on reauthorization of the Access Program by Congress. The Georgia PDC does not have a firm date for the next call for projects under the Access Program, but another call is anticipated within the next year.
