Request for Project Applications Hawai`i Federal Lands Access Program

The Federal Lands Access Program (FLAP) presents an exciting opportunity for state, county, and local entities to obtain funding for a variety of transportation projects accessing Federal Lands in the state of Hawai`i. Project applications are now being accepted to develop a multi-year program of transportation projects (estimated program funding availability of up to \$2 million dollars). Preliminary engineering, construction, and construction engineering funding will become available after the program selection process has been completed.

What is the deadline for submittals?

The PDC of Hawai`i requires all applications to be submitted by **February 21, 2017**.

What is the purpose of the program?

The goal of the Access Program is to improve transportation facilities that provide access to, are adjacent to, or are located within Federal lands.

Who is eligible to apply?

Eligible applicants include State, county, tribal, or city government agencies that **own or maintain** the transportation facility.

What types of projects will be considered?

The Access Program supplements State and local resources for public roads, transit systems, and other transportation facilities, with an emphasis on Federal high-use recreation sites and Federal economic generators. The Access Program funds are intended for design, construction, or reconstruction and **are not** intended for maintenance projects (e.g., crack sealing, chip seal, potholes, or drainage repair).

How do I submit a project application?

1. Complete the Hawai`i Federal Lands Access Program Application found at <http://www.flh.fhwa.dot.gov/programs/flap/hi/>
2. Obtain endorsement from the appropriate Federal Land Management Agency (FLMA)
3. Send your completed project application via E-Mail to cfl.planning@dot.gov

How will projects be evaluated?

For Hawai`i, the Access Program is administered by the Federal Highway Administration (FHWA) through the Central Federal Lands Highway Division (CFLHD). MAP-21 mandated, and the FAST Act reinstated, that decisions be made through Hawai`i's Programming Decisions Committee (PDC) in cooperation with the respective Federal Land Management Agencies. The PDC consists of three representatives: (a) FHWA; (b) the State DOT; and (c) a "representative of any appropriate political subdivision of the state." The PDC will review project applications and rank them based on weighted selection criteria developed by the PDC. The selection criteria are reflective of needs in the state of Hawai`i and Federal regulations and guidelines.

Members of the Hawai`i PDC include:

- Mr. Ryan Tyler, Planning and Programs Branch Manager, FHWA - CFLHD (or designated representative);
- Robert Miyasaki, Engineering Program Manager, Hawai'i Department of Transportation (or designated representative), and Transportation Planner
- Marian Yasuda, Local Representative, City and County of Honolulu, (or designated representative).

The Hawai`i PDC will solicit project applications with the intent of developing a 5 year program. **Applications will be due by February 21, 2016.** Applicants must be prepared to address the match requirements (5.70%) and have the support of the pertinent Federal Land Management Agencies.

Preference will be given to those projects which provide access to **Federal high-use recreational sites or Federal economic generators**. Projects will be evaluated on the following criteria:

- Access, mobility and connectivity;
- Economic development;
- Facility condition;
- Safety;
- Funding, coordination and cost; and
- Resource protection.

Project selection resides with the PDC. The PDC will select a balanced program made up of a range of projects with a mix of larger and smaller construction values to balance the applicant's needs with the available funding. The PDC will make its final decision based on the project proposals ability to meet the aforementioned criteria as well as project support, project readiness, agency priorities, applicant's share of project costs, availability of funds, project development delivery schedules, previous Federal investment and environmental and right-of-way time constraints.

2016 Tentative Project Selection Schedule:

MONTH	December	January	February	March	April	May	June	July
PROGRAM DECISION COMMITTEE	Call for Project Applications			PDC scores and ranks applications	PDC selects short-list of applicants for development of project development-agreements, scoping, and project delivery plan.		PDC final project selection meeting	Funded program announced
APPLICANT	Applications prepared and submitted				Short list of applications notified and delivering agency proceeds with project development.			

Note: Schedule subject to change

Who should I contact if I have questions?

Questions about the application process or the Federal Lands Access Program can be directed to: Mr. Christopher Longley, CFLHD's Access Program Coordinator at (720) 963-3733 or Christopher.Longley@dot.gov or Ms. Laurie Miskimins, CFLHD Transportation Planner at (720) 963-3455 or Laurie.Miskimins@dot.gov
