FEDERAL LANDS TRANSPORTATION PROGRAM (FLTP) PROCESS

Performance Management

1. Transportation Planning Process
   - 1. Set Goals and Objectives
   - 2. Define System and Collect Baseline Data
     a. Define Minimum Data Standards
     b. Linear Referencing
     c. Right Size Network
   - 3. Develop Investment Strategy
     a. Define FLTP Funding Categories
     b. Analysis and Forecasting (HPMA)
   - 4. Define FLTP Program of Projects
   - 7. Performance Monitoring/Program Evaluation

2. Project Development and Environmental Review
   - Environment
   - Design
   - Acquisition
   - Construction

3. Accomplishment Report
   - Condition
   - Safety
   - Environment
   - Congestion
   - Performance Measures, Outputs and Outcomes
