Road Closure Update

Currently we are preparing to pave the project. Paving operations will begin next week. We are extending our work hours (and closure times) to take advantage of weather conditions and wrap this project up.

It is still our intent to coordinate traffic through our project and the Forest Service Project (SRI) as smoothly as possible.

Kiewit Infrastructure West Co.,

Kiewit will begin paving highway 43 between Sarkar Bridge and the Whale pass turn off starting as early as Monday, August 4. During the paving period the crews will be working long hours to complete the paving as soon as possible. The following is our road closure schedule during this period.
