

AK DEN 2009 (8)
Manokotak Heights Road Reconstruction
Manokotak, Alaska – Dillingham Census Area
<http://www.wfl.fhwa.dot.gov/projects/ak/manokotak/>

Contract Information

Contract No.: DTFH70-13-C-00004
Awarded to: Ridge Contracting, Inc.
1208 Gamble Street
Anchorage, AK 99501
Award Date: February 26, 2013

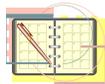

Construction Activities (Week of August 4, 2013)

The majority of this week's work included the hauling and placement of select borrow to bring the new roadway up to subgrade on the first half of the project.

Crews continued some clearing and grubbing operations from station 80+00 to station 104+00 and performed subexcavation operations from station 118+50 to station 120+00.

One small shot was conducted at the pit along Old Manokotak Heights Road this week to break up the rock planned to be used in the production of the class 1 and class 3 rip rap.

Schedule – Upcoming Work

Complete subexcavation operations at station 118+50 and continue to haul and place the select borrow on the roadway.

Ridge Contracting is planning on resuming the installation of the standard underdrain system between stations 7+00 and 9+00 left.

Traffic Control

Ongoing construction activities are being conducted under two single lane closures which is providing a safe work area and causing minimal delays to traffic. We have also added a single flagger for the clearing and grubbing operations.
