Contract Information

Contract No.: DTFH70-13-C-00004
Awarded to: Ridge Contracting, Inc.
1208 Gamble Street
Anchorage, AK 99501
Award Date: February 26, 2013

Construction Activities (Week of September 9, 2013)

The crews worked on correcting slope and drainage issues from the start of the project at station 7+00 – 80+00. The slopes in spots had to be removed and armored due a large amount of precipitation received in the last couple of days. All the ditch lines and slopes are being cleaned out and prepped for turf establishment.

Schedule – Upcoming Work

Scheduled work over the coming week is to adjust slopes and drainage to get ready for turf establishment. The phases of construction will move up station to try and get cleared out to station 150+00.

Traffic Control

Ongoing construction activities are being conducted under single lane closures consisting of one work zone controlled by two flaggers. With the light traffic on this road this method is providing a safe work area and causing minimal delays.
