### **Contract Information**

---

Contract No.: DTFH70-13-C-00004  
Awarded to: Ridge Contracting, Inc.  
1208 Gamble Street  
Anchorage, AK 99501  
Award Date: February 26, 2013

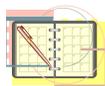

---

### **Construction Activities (Week of October 07, 2013)**

---

The crews worked installing the new safety fence around the Manokotak Village sewage lagoon. Roadway aggregate was hauled and spread from station 1+50 – 150+00 and placed to about 4.5 inches in depth to provide a drivable surface for the winter. Mulching stabilization continued on the slopes all the way up to the station 150+00.

---

### **Schedule – Upcoming Work**

---

The work will be shutting down for the season by the end of the week and all items need to be completed and ready for the cold weather. The next newsletter will come next May 2014, as work gets started up for the season.

---

### **Traffic Control**

---

Ongoing construction activities are being conducted under single lane closures consisting of one work zone controlled by two flaggers. With the light traffic on this road this method is providing a safe work area and causing minimal delays.
