Project News

MAY 2, 2016

Roughly three inches of rainfall has fallen on the site since Friday. Erosion control devices have held up over the weekend and the streams and creeks are still running clear. Hauling of material to the disposal site is still taking place alongside clearing and grubbing work.

Notes

- Public traffic will be allowed leave Naukati on the hour and traffic will be allowed to come to Naukati on the 30s. See attached traffic control plan for detailed pilot car and access information.
- Please use caution when driving through the project as the site will change day to day.
