Project News

AUGUST 29, 2016

Work this week will consist of drilling, blasting, excavation / embankment as well as waste hauling . Fish pipes are functioning better after the weekends rain and precipitation will continue the first half of this week. SWPPP inspection will occur tomorrow and as needed depending on rain.

Notes

- Three haul trucks similar to the one above are being used on this project. They are capable of hauling 35 tons of material at one time.
- Crews will not be working for Labor Day, Monday September 5th.
- Please use caution when driving through the project as the site will change day to day.
