Project News

OCTOBER 19, 2016

As winter shutdown approaches in less than a month, Southeast Roadbuilders is working to get the roadway subgrade complete. Drilling, blasting, pipe installation, and embankment can be expected in the next month. SWPPP inspections are taking place on Tuesdays. Rain is in the area and additional protection strategies are being implemented.

Notes

- A photo taken from the Naukati Road project on a particularly clear morning, just above a pre-shear rock cut .
- Please use caution when driving through the project as the site will change day to day.
