Grangemont Road

Construction Activities and Upcoming Work

Debco Construction began earthwork operations and placed embankment in the East and West Fill Sections. The subexcavation was completed for the 36" pipe and the installation for first section of the culvert began. There will be no work on the Project starting tomorrow, Thursday July 3rd. Work will resume again on Monday July 7th. Next week the culvert work along with embankment in the East Fill section will continue.

Traffic Delays

Debco Construction is scheduled to work Monday thru Thursday. Flagging operations may be required between the hours of 6:30AM and 5PM on these days with up to 45 minute delays. But there will be no delays this Thursday, July 3rd. Grangemont Road is scheduled to be closed from Cow Creek Road to Campbell's Pond for up to 6 weeks which should begin sometime near the beginning of August.

Alternate Routes

From Orofino, take US-12 south to Greer, then take ID-11 east to access the east end of Grangemont Road.
