

# Weekly Newsletter

October 3, 2013      **Rockfall Mitigation & Reconstruction**      ID PFH 26-1(1)

Highway 75 between mileposts 205.4 and 206.7 at the "**Narrows**"

On-site work will continue with drilling attenuator post anchors and cable anchors throughout the project. Production drilling and installation for both rock bolts and rock dowels is also underway.

Closures will continue Monday through Friday, 10 a.m. to 12 p.m. and 1:30 p.m. to 3:30 p.m. Expect minor delays of up to 15 minutes at a time during the working day outside of the closure times. There will also be one lane traffic with signal lights controlling traffic during non-working hours.

Drilling for rock bolts on the West end of the Project
