

Weekly Newsletter

November 14, 2013 **Rockfall Mitigation & Reconstruction** ID PFH 26-1(1)

Highway 75 between mileposts 205.4 and 206.7 at the “**Narrows**”

On-site work will continue with production drilling and installation of rockfall attenuator anchorage systems throughout the project. Drilling and installation of anchors nails in Section 15 will also continue, in addition to laying mesh on the slope.

Closures will continue Monday through Friday, 10 a.m. to 12 p.m. and 1:30 p.m. to 3:30 p.m. Expect minor delays of up to 15 minutes at a time during the working day outside of the closure times. There will also be one lane traffic with signal lights controlling traffic during non-working hours.

Be advised - the contractor is planning to work Saturday, November 16th, and Saturday, November 23rd. Expect minor delays up to 15 minutes. Night shifts are also in effect, and will be 5:30 p.m. to 4 a.m., Monday through Thursday nights.

Drilling Anchor Nails in the upper part of Section 15 (East end of project)
