Reconstruction

ID PFH 26(3)

Highway 75 between mileposts 206.7 and 207.9 through “Pebble Beach”

The excavation of the Pebble Beach Cut continues, with dozers, excavators and off-road trucks hauling into the staging areas.

Excavated cut material is being stockpiled in the staging areas where it is then loaded into roadable trucks.

The haul trucks will continue taking material to the Holman Creek Waste Area (MP 214.5) Monday through Thursday, 8:00 am–8:00 pm.

The project is limited to one-lane of traffic at all times of the day. **Two-hour road closures will continue as scheduled from 10:00 am – 12:00 pm and 1:30 pm – 3:30 pm, through Monday, Oct. 31.**

The contractor will not be using the Friday afternoon, 1:30 to 3:30P, closure [this week](#).

Expect delays of up to 15-minutes at all other times of the day Monday through Friday while work is being completed during the day time and traffic is being controlled by flaggers.

Delays will be limited to no more than 5-minutes during none working hours, at night and on weekends, with signals controlling traffic.

Please be very cautious and reduce your speed when traveling through the work zone as it is very narrow and the weather is becoming more unpredictable.

Thank You

Road Closure Information

Week of October 30, 2016

**Closure Schedule is as follows:
10:00A–12:00P and 1:30–3:30P
Monday ONLY.**

2-hour closures will be discontinued after Monday October 31, 2016. Continue to expect 15 minute delays during work hours.

Excavation advances towards the east end of Pebble Beach Cut
