Reconstruction

ID PFH 26(3)

Highway 75 between mileposts 206.7 and 207.9 through “Pebble Beach”

The excavation of the Pebble Beach Cut continues, with dozers, excavators and off-road trucks hauling into the staging areas.

Excavated material is being stockpiled in the staging areas, where it is then loaded into roadable trucks.

The haul trucks will continue taking material to the Holman Creek Waste Area (MP 214.5) Monday through Thursday, 8:00 am–8:00 pm.

The project is limited to one-lane of traffic at all times of the day.

During work hours, Monday through Friday, continue to expect delays of up to 15-minutes while traffic is being controlled by flaggers. With daylight savings coming, site work hours will change to 7:30 AM - 6:00pm.

Delays will be limited to no more than 5-minutes during none working hours, at night and on weekends, with signals controlling traffic.

Please be very cautious and reduce your speed when traveling through the work zone as it is very narrow and the weather is becoming more unpredictable.

Thank You

Loading material at the east end of Pebble Beach Cut

Road Closure Information

Week of November 6, 2016

Closure Schedule is as follows:
2-hour closures have been discontinued.
Continue to expect 15 minute delays during work hours.
