ID PFH 60(2)

Project Description

This project replaces the existing bridge, which was constructed in 1934. It is in poor condition and not meeting today's bridge design standards. The new bridge will span 304-feet, as a one-lane asymmetrical suspension bridge, that includes a single steel tower 75-foot tall on the north end of the river. The project is expected to last until next winter of 2017.

One of a few nights worked recently.

Road and River Traffic Delays

See page 2

Project Location

This project is located on the Salmon River Road, approx. 14 miles east of Riggins, ID.

Road and River Traffic Delays

Public traffic and river users can expect the typical schedule in the table (right). The road and river is open to traffic during all weekends, holidays, and special events (table below). Advanced notice will be provided in the event of night closures. Short term river closures are only permitted for planned rock excavation activities, in which advanced notice would be provided, or for emergency situations. In the event of a short closure, river users can expect to see warning signs and flaggers posted upstream and downstream of the work. River passage will resume when the risk is mitigated and passage is deemed safe.

Construction personnel are aware of the frequent and popular river-use—

Please be aware of construction activity during all passage through the project for a safe and fun trip!

Typical Schedule (Mountain Standard Time)	
6:00 a.m. to 8:00 a.m.	Open Road and River
8:00 a.m. to 4:00 p.m.	30 minute delays permitted
4:00 p.m. to 5:00 p.m.	Open Road and River
5:00 p.m. to 10:00 p.m.	30 minute delays permitted
10:00 p.m. to 6:00 a.m.	8 hour delays permitted with road open to traffic on even hours (12:00 a.m., 2:00 a.m., and 4:00 a.m.)

Weekends	All day (24 hours)
Holidays	All day (24 hours) Do not perform construction operations which interfere with public travel on the roadway between noon the preceding day and 6:00 am the following day or as otherwise described in this section, unless approved by the CO
Woman with Bait Tournament (February-March) ¹	5:30 am to 8:00 am 11:30 am to 1:00 pm 5:30 pm to 8:00 pm 8:00 pm to 5:30 am
Jet Boat Races (April) ¹ Riggins Rodeo (May) ¹ Big Water Blowout (June) ¹	All day (24 hours) Friday before event open road at 4:00 pm and return to normal schedule Monday 6:00 am
Hot Summer Nights (July) Salmon River Road Marathon (September)	Night before event open road at 4:00 pm and return to normal schedule 6:00 am day after event ends

Night closures are scheduled the week of April 11
(A night closure is planned this **Sunday April 10**)

No traffic will be impacted over Jet Boat Weekend

Road Surface Conditions

The current road surface is dirt, which can be expected the same throughout construction, with normal signs of construction activity. Please remain cautious of the road's narrow condition, and the presence of workers and equipment.

Current and Upcoming Work

The contractor, RSCI, created more room to work at the north abutment by excavating, and are now building one of two temporary work platforms in this area. A temporary concrete leveling pad will be poured in the near future.

North side—crews begin to build one of two work platforms near the new abutment location.
