**Bridge Replacement**

ID PFH 91(1)

## Forest Highway 21 intersecting US 93: “Shoup” Bridge

Contractor continuing to mobilize equipment this week. It is anticipated that the installation of temporary traffic control, soil erosion and sediment control devices will start this week.

Once work starts there will be minor delays of up to 20 minutes with one lane traffic controlled by Flaggers. During non working hours, there will be no delays.

As the work progresses additional updates will be sent out on a weekly basis or as needed.

Please be very cautious when traveling through the work Zone.

Survey crew at work
