AGNESS ROAD SLIDE REPAIR AT FSR 3348 **NEWSLETTER**

Construction Activities for the past week that started on September 30, 2013

Johnson Rock has completed constructing the RSS Wall at Forest Service Road 3348 MP 0.2 as well as the riprap lined ditches. They have completed the excavation and have constructed 17 feet of the RSS Wall at Forest Service Road 33 MP 47.2.

Construction Scheduled for the week beginning on October 7, 2013

Next week Johnson Rock will finish constructing the RSS Wall at FSR 33 MP 47.2 on Wednesday. Johnson Rock will place base aggregate at Forest Service Road 33 MP 47.2 and 3348 MP 0.2. If weather permits they will start excavating for the RSS Wall at Forest Service Road 33 MP 47.6.

Traffic information on next page.

Traffic Information

Forest Road 3348 will be closed until the end of October. The existing one-lane closure at Forest Service Road 33 MP 47.2, due to the slide, is now operating with Traffic signals at night and with flaggers controlling traffic during the day while the contractor is working. Be aware of trucks and equipment when traveling Forest Road 33 near the project.
