AGNESS ROAD SLIDE REPAIR AT FSR 3348 **NEWSLETTER**

Construction Activities for the past week that started on November 11, 2013

Johnson Rock has finished constructing the RSS Wall at FSR 33 MP 47.6. They have also placed base rock, sprayed bonded fiber matrix, and are ready to pave at all three sites.

Construction Scheduled for the week beginning on November 18, 2013

Next week Johnson Rock will install guardrail and signs and if weather permitting pave so that the project can be finished. Paving is scheduled for Monday, if the weather holds.

Traffic Information

Forest Road 3348 is open to traffic and Forest Road 33 at MP 47.2 and at MP 47.6 are back open to two-lanes of traffic. Forest Service Road 3348 at MP 0.2, Forest Service Road 33 at MP 47.2 and MP 47.6 has gravel surfaces, use caution when driving through these sites. Be aware of trucks and equipment when traveling Forest Road 33 near the project.
