

Cody Road-Wamic Market Grade Reconstruction & Rail Hollow Overlay PROJECT UPDATE

October 5, 2015

U.S. Department
of Transportation
**Federal Highway
Administration**

Western Federal Lands Highway Division
Federal Highway Administration

CONSTRUCTION ACTIVITIES

Over the past week the Contractor has placed the second 4-inch lift of base aggregate, the grade hubs for the finish base surface have been placed and completing base finishing work throughout the length of the project is continuing. In the meantime, the placement of overlay at Rail Hollow site is completed as well as placing the Guard rail posts for Wamic Market site.

Weather permitting; placement of the hot mix asphalt mat is scheduled for this week as well as placement of supports for benches, bollard and kiosk in the kiosk turnout area.

Guard Rail Posts 227+50 to 235+00

Dufur & Rail Hollow intersection

UPCOMING WORK

Placement of aggregate shoulders, installation of Guard rail steel beams and end terminals, and possibly placement of pavement markings may take place next week.

TRAFFIC GUIDANCE

Extreme caution is advised as motorists will traverse gravel surfaced lanes.
