CONSTRUCTION UPDATES

- March 9th we had a very rainy partner walk thru.
- The Forest Service restoration specialist Lynda Moore gave us great insight as to why our shredded wood piles are steaming and smell a little funky. The anaerobic bacteria in the piles are breaking down the wood shreds and off gassing thru the top of the pile!
- Colf Landscape Construction has been sampling materials and submitting them for review this week.

Monthly Partner Walk Through

Date: April 13, 2016

Time: 10 am

Location: Starvation Creek Trailhead Parking Lot
