

# Cattle Point Road Relocation

## CONSTRUCTION NEWSLETTER

### Safe and Sane

July 2, 2015

#### CONSTRUCTION ACTIVITIES

For you youngsters out there, safe and sane were the only fireworks available during the 60's and 70's., ie. Pinwheels, piccolo pete, sparklers and snakes. So with this being 4th of July weekend, it is also a reminder to drive safe and sane on Cattle Point Road. In addition to the ever increasing traffic, the road is changing on a daily basis as we continue to build it up toward its final configuration.

Strider Construction started building road grade at each end this week. At the west end, a ramp will take you from the new alignment elevation back onto the pavement.

The water truck will be working this weekend - Please drive carefully.
