

# Cattle Point Road Relocation

## CONSTRUCTION NEWSLETTER

### *Making the Old Road Disappear*

#### CONSTRUCTION ACTIVITIES

This week, the old pavement was pulverized and reduced to very fine particles. The steep transition down to the old alignment was removed and the right side slope of the new road completed. The material from the right side of the old alignment was then placed back on the left side from whence it came when the road was build so long ago. This way the original contours are reestablished with the end result looking as though the road was never there.

We continue to review the guardrail needs near the DNR Vista.

**Please drive carefully and enjoy the view!**

*Pulverizing the Old Pavement*

*Erasing the Old Road*

*The Moon Setting Over the New Road .*

#### NEXT WEEK WORK SCHEDULE

Monday **NO WORK**  
Tuesday 8:30 - 6:30  
Wed - Fri 7:00 - 5:00
