

Cattle Point Road Relocation

CONSTRUCTION NEWSLETTER

The Contours are Taking Shape!

CONSTRUCTION ACTIVITIES

With the old pavement gone, it is time to move the right lane on top of the left lane and cover it all with topsoil. This action will be repeated for at least another week.

Meanwhile, the revegetation crew continues to place the erosion control blanket along the new road to protect the seeding.

There will be a ribbon cutting ceremony on Oct. 15th at 11:00 am, please park at the visitor's center by 10:30 am and ride the shuttle to the party!

Please drive carefully and enjoy the view!

Moving the old road bed

Establishing Contours
