

Cattle Point Road Relocation

CONSTRUCTION NEWSLETTER

Where Did The Old Road Go?

October 26, 2015

CONSTRUCTION ACTIVITIES

The deactivation shaping of the old alignment was completed last week. It is our hope that when the foliage grows, the goal of making the old road disappear will be realized.

The revegetation crew continues placing the erosion control blanket along the new road to protect the seeding and when that is completed, they will seed the old alignment.

Please drive carefully and enjoy the view!
