

MIDDLE FORK SNOQUALMIE RIVER ROAD

CONSTRUCTION NEWSLETTER

November 21, 2014

CONSTRUCTION WINDING DOWN FOR THE SEASON

This will be the last regular weekly construction newsletter for the season. The contractor will be working Monday through Wednesday next week finishing roadway slopes near Big Blowout Creek, depending on weather, and moving equipment off of the project. The first week of December the contractor will work one day spaying erosion control seed and mulch on the finished slopes. During these times traffic will be controlled by flaggers and pilot cars.

After construction is complete the contractor will be doing surveying and erosion control maintenance. No delays are expected.

Above: Constructing a rock stabilized slope.

ROAD CLOSURES & DELAYS

Monday November 3 through Wednesday November 26, 2014 - Expect delays of up to 60 minutes beyond the Mailbox Peak trailhead parking area.

Weekday road closures will resume on Monday May 6, 2015.
