

MIDDLE FORK SNOQUALMIE RIVER ROAD

CONSTRUCTION NEWSLETTER

July 30, 2015

CONSTRUCTION ACTIVITIES

This week the contractor will complete the first layer of paving between the two new bridges. The area that was not paved will be covered with a chip seal (oil and rock surface) later in the project.

Much of the roadway is rock or dirt surfaced and may be rough in places.

Next week the contractor will continue constructing roadway fills, excavating for the widened roadway, repairing damaged roadway areas, installing drainage pipes, and paving.

Above: Paving near the beaver pond.
