

Spruce Railroad Trail Segment C

CONSTRUCTION NEWSLETTER

November 10, 2016

Wet Conditions Slow Construction

CONSTRUCTION ACTIVITIES

Rainfall over the past week have saturated subgrade and slowed construction. This week, the contractor installed additional silt fence to protect the lake from potential runoff.

A contract modification to stabilize the rock slope at the north portal was presented to the contractor for a price proposal.

Project Information

Contractor:

Bruch & Bruch
Construction, Inc.

Begin Construction:

September 19, 2016

Est. Completion Date:

May, 2017
