

# Suiattle River Road MP 6.0 – MP 14.4 Combined Projects WA FS ERFO 071-2023

August 15, 2013

## LONG AWAITED CONSTRUCTION TO BEGIN

Construction on sites 2 thru 5 to begin next week!

Under this contract, Site 1 is being termed the **M.P. 6.0 Site**;  
Sites 2, 3 and 4 are the **M.P. 12.6 Site**; and  
Site 5 is called the **M.P. 14.4 Site**.

Our contractor, MidMountain Contractors, Inc. received the Notice to Proceed on August 14, 2013 and will begin preconstruction activities over the next few days which includes surveying, staking, placing signs & gates, and installing the erosion control devices which will protect the Suiattle River, it's tributaries, and wetlands.

While this contract allows for work in Sites 1, 2, 3, 4 and 5, Site 1 will not begin until early next summer. Work in sites 6, 7, & 8 will begin in September under a separated contract to be administered by the USFS.

Don Brouillard  
Project Engineer  
Western Federal Lands Highway Division  
Federal Highway Administration
