

# Suiattle River Road

MP 6.0 - MP 14.4 Combined Projects

CONSTRUCTION NEWSLETTER

November 7, 2013

## Construction Shutdown Until Spring.

### CONSTRUCTION ACTIVITIES

MidMountain Contractors beat the weather and completed the work necessary for this season. They finished the special rock embankment, lined ditches with riprap, and placed tackifier or plastic over the exposed slopes to protect them from erosion over the winter. Select Borrow has been placed on the new alignment at MP 12.6. They mobilized out this week for the winter and will be back in May ready to work hard to complete the project on or before October 6, 2014!

Steve Building the  
Special Rock Embankment

Many thanks to all for your cooperation with the road closure!

Jeff Placing Select Borrow

### WORK SCHEDULE

None—Off till spring.

### DELAYS AND CLOSURES

The road is closed to vehicular traffic at MP 11.6.

It is open to non-vehicular traffic (walking, bicycling, horseback riding, etc.)
