Chapter 7: Color Table

Color Table

The current color table in use at CFLHD for the X30 Generation of standard files is: **color1.tbl**. The same table is used and shared by all three FLH divisional offices. This file can be found on the CFLHD network at:

N:\V8i_resource\FLH_Common\MicroStation\Tables

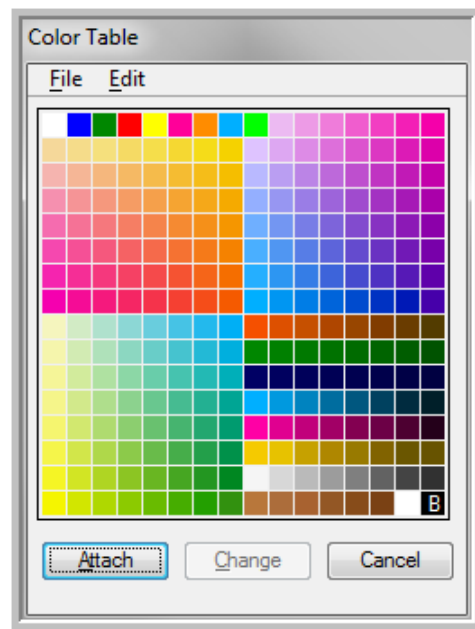

Figure 7-1: FLH Color Table – color1.tbl

Workflow 1: Attaching CFLHD Color Table

To access this workflow, follow this link:

http://flh.fhwa.dot.gov/resources/cadd/cfl/documents/Workflow_7.1m_v8i.pdf

For CFLHD employees, color tables are automatically attached while opening a design file using the Project Configuration (*.pcf). Contact CADD support to get properly setup if the correct Color Table is not displaying.

Workflow 2: Attaching the Color Table Permanently

To access this workflow, follow this link:

http://flh.fhwa.dot.gov/resources/cadd/cfl/documents/Workflow_7.2m_v8i.pdf

Workflow 2 - Attaching the Color Table Permanently is for information only. CFLHD designers should not manually attach or edit configuration variables. For CFLHD, the CADD Coordinator sets the configuration variables.
