This is an example of a commonly used custom linestyle.  
For CFL designers, the custom linestyle resource files are automatically read by MicroStation (providing the machine is properly configured.) For consultants, linestyle resource files are available through the V8i\_Resource.zip download located on the FLH website:  
<http://flh.fhwa.dot.gov/resources/cadd/cfl/downloads.htm>  
Refer to the CFLHD CADD manual Chapter 6 for more information on linestyles:
