NOTES:
1. Mount signs that are wider than 3 feet or larger than 15 square feet on double posts.
2. All lumber dimensions are nominal.
3. The Contractor may submit alternate details for portable signs. Ensure sign mounts hold the sign face in a vertical plane. Portable signs may be mounted lower than fixed signs when approved by the CO. Ensure all portable sign supports meet the requirements of NCHRP Report 350 for crashworthiness.
4. When parking is permitted within 200 feet of the signs, mount the sign a minimum of 7 feet above the pavement surface.
5. When approved by the CO and the Utility Company, utility poles may be used for sign mounting.
6. For posts 4-inch x 6-inch or greater, see the Breakaway Support Detail. If breakaway design cannot be used due to post spacing, place the sign outside the clearzone or shield with a barrier. Do not place holes in posts of non-breakaway signs.

PORTABLE SIGNS
(See Notes 3 and 4)

POST SIZE TABLE

<table>
<thead>
<tr>
<th>POST SIZE</th>
<th>POST DIAMETER</th>
<th>MAXIMUM SIGN AREA (Sq. Ft.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>4&quot; x 4&quot;</td>
<td>4&quot;</td>
<td>10</td>
</tr>
<tr>
<td>4&quot; x 8&quot;</td>
<td>4&quot;</td>
<td>15</td>
</tr>
<tr>
<td>5&quot; x 6&quot;</td>
<td>5&quot;</td>
<td>20</td>
</tr>
<tr>
<td>6&quot; x 8&quot;</td>
<td>5&quot;</td>
<td>25</td>
</tr>
</tbody>
</table>
| NOTE: For signs requiring 6" x 6" posts and greater, signs are considered to be non-breakaway if multiple posts are required and the posts cannot be spaced a minimum of 3 feet apart.
